

Research before submitting a New Item Request

- Log into the DLA website
- Register for ECAT and MEDPDB
- Research ECAT for Dental, Lab or other med surg products.
- Research MEDPDB for med surg products/will give you Prime Vendor numbers if available
- If still not in our catalog then submit an NIR

Getting Started with MEDPDB

- DMMonline: [h
https://dmmonline.dscp.dla.mil/Portral/](https://dmmonline.dscp.dla.mil/Portral/)
- CAC login required
- Click on “Site Login”: slide 3
- Click on “New User Registration” to create an account slide 4
- Complete the application form. At the bottom of the form register for the applications as needed
- The site administrators will notify you of your user name

DLA Medical Supply Chain

DMLSS-Wholesale
Our mission is to modernize the entire military health care logistics supply chain.

Our Logistics Applications

Customer Services

- Contact Medical
- Order a product
- Check my ECAT orders
- Report materiel complaints
- Report Discrepancy to DLA
- Update my profile

Supplier Information

- Sell my products
- Learn about DAPAs
- More Supplier Information

MSC Programs & Initiatives

- DML Enterprise Architecture
- Data Synchronization
- Go Green Program
- Regional Standardization

Medical Supply Chain (MSC) Mission

DMMonline is the official website for the DLA Troop Support Medical Supply Chain (MSC). Our mission is to provide the military medical community the products and services needed every day for every crisis around the world. Our goal is to provide our customers and commercial trading partners a convenient, state-of-the-art, readily accessible web portal that enables them to efficiently and effectively accomplish their business.

D. Troy Molnar, Col, USAF, FACHE
Director
Medical Supply Chain

Program Spotlight - DAPA Management System

A Distribution and Pricing Agreement (DAPA) establishes both the selling price of a product and an affirmation from the DAPA-holder, or supplier, to allow selected prime vendors to distribute its products. [Visit our new section...](#)

MSC's Monthly Green Tip:

Rechargeable batteries are a great example of material conservation.

If this is not your current Email Address, please update today.

Applications you currently have access to:

DoD VA Medical Catalog formerly MECA	MedPDB (Medical Surgical Product Data Bank)
ECAT	Readiness Management Application
Medical Air Bridge	Regional Standardization

DMMonline provides our customers and trading partners access to various e-Commerce and web based business applications.

In order to serve our customers better and to increase the security of our site, DMMonline has incorporated software that provides Single Sign On (SSO) access to the majority of our applications. After logging into this page, a user can easily see which applications in our suite of tools they are authorized to use. The following is a list of our applications that are currently SSO enabled:

Applications Requiring Registration

Access Manager (Cleartrust) Admin Tool	IPSYS
ACPOP Reporting	Item Source Simulation
Best Pharmacy Report	Managed Care Pricing File
CDMIA National Contracts Compliance	Medical Air Bridge
CDMIA Pricing Management	Medical Reconciliation Application
Contingency Automation Application	Medical Supplier Directory
Contract and Customer Information	MedPDB (Medical Surgical Product Data Bank)
Contract and Customer Maintenance	MedSurg Fill Rate
Controlled Substance Report	MedSurg Fleet Prime Vendor Reports
DAPA Manufacturers Application	Pharm Cold Chain Secured Documents
DML Enterprise Architecture	Prime Vendor Autoload
DMLIIS Application	Readiness Management Application
DoD Medical Catalog Administration	Regional Standardization
DoD VA Medical Catalog formerly MECA	Service Level Election Function (SLEF)
ECAT	Troop Support Acquisition Timeline (TSAT)

USAMMC-K WEBTOOLS

MEDPDB-Medical Product Data Bank

The screenshot shows the MEDPDB Medical Product Data Bank web application running in a Windows Internet Explorer browser. The address bar displays the URL: <https://dmmonline.dscp.dla.mil/pdb/memberPages/pdb/CommercialSearchForm.aspx>. The browser's title bar reads "Search Commercial Items - Windows Internet Explorer".

The application's header includes the IPDB logo and the text "Medical PRODUCT DATA BANK". Navigation links are provided for "Commercial Items", "Readiness Items", "Utilities", "My Account", "Help", "Tutorials", and "Logout". The current site is identified as "WT4J8S".

The main content area is titled "Search Commercial Items By Item Number". It features a search form with the following fields and options:

- Item Number:** A text input field.
- Start Record:** A dropdown menu set to "1".
- Max Records:** A dropdown menu set to "100".
- ☐ Use "Starts With" Matching
- Search:** A button to execute the search.

Below the search form, a note states: "Searches the Medical Product Data Bank using related supply chain item product numbers. Leading zeroes, embedded spaces and punctuation characters do not affect this search. Enabling the 'Starts With' matching may result in slower search response time."

On the left side, a sidebar menu lists various search options:

- Item Searches**
 - By Item Number
 - By Text (Top 50K)
 - By Multiple Items
 - By MEDPDB Key
- Top Sales Searches**
 - By DOD PV Sales
 - By VA Sales
 - By ECAT Sales
 - By Site Sales
 - By Combined Sales
- VA Searches**
 - By NIF Number
 - By NIF L2 Key
 - Top Sales No NIF
 - Top Sales No Contract
 - Top Dupe NIF Items
- DOD Searches**
 - By UDR Serial
 - Top Sales No SLINE

Three red arrows point from text boxes to specific search options in the sidebar:

- One arrow points from the text box "Search by Item Name or Text" to the "By Text (Top 50K)" option.
- Another arrow points from the text box "Search for - Commercial Items (Class VIII) - Readiness Items (Repair Parts) - Utilities (Advance Information)" to the "By Item Number" option.
- A third arrow points from the text box "Search for Commercial Material Number or Material Name" to the "By MEDPDB Key" option.

The footer of the application displays "PDB Database MAY 2010" and "PDB App 1.10.0". The browser's status bar shows "Trusted sites" and "100%" zoom.
